Otab, 883/T
tavolo \ table

Otab è una proposta che gioca sulle proporzioni: al volume imponente della base fa da contrappunto l'essenzialità del piano. Un monolite materico che nasce dall'accostamento di due forme pure e geometriche: il cerchio e il cilindro. Il prezioso dettaglio in ottone brunito alla base del tavolo ne sottolinea le linee aggraziate e il profilo sinuoso.

Otab is a proposal that plays on proportions: the imposing volume of the base is counterpointed by the essentiality of the top. A material monolith that arises from the combination of two pure and geometric shapes: the circle and the cylinder. The precious bronzed brass detail at the table's base underlines its graceful lines and sinuous profile.
