

design — Gabriele e Oscar Buratti

**Avant, 884/MB2-180**  
**madia \ sideboard**

Avant, famiglia di contenitori in frassino o noce Canaletto, è composta da credenza, con gambe in due altezze in ottone brunito, e madia. Elemento funzionale ed estetico distintivo del progetto è il bordo superiore massellato delle ante battenti e dello schienale, che sovrasta lievemente il piano, in marmo o vetro retro verniciato nero: da un lato consente la presa e l'apertura delle ante, dall'altro esalta la venatura del legno. All'interno, ripiani in vetro e su richiesta cassetti, centrali per la madia, e posizionati in alto per la credenza.

*Avant, a range of ash wood or Canaletto walnut containers, is composed of a sideboard versions, with bronzed brass legs in two heights, and a cupboard. A distinctive functional and aesthetic element of the project is the solid wooden upper edge of the hinged doors and the back, which slightly overhangs the top, in marble or black back-painted glass: on one hand, it allows the grip and the opening of the doors, on the other it enhances the wood grain. Inside, glass shelves and, on request, drawers, central for the cabinet, and high positioned in the sideboard.*

## Informazioni tecniche \ *Technical information*
