

MOVE

STRUTTURA

Struttura in metallo, verniciata a polvere, con rete elettrosaldata.

SEDUTA

Cuscini di seduta in poliuretano a quote differenziate, con densità 30 HR, 35 ecoelast, 40 HR interamente rivestiti da un falda in resinato accoppiato

SCHIENALE

Cuscini schienale in poliuretano 25 hr rivestito in resinato accoppiato, con sostegni in metallo verniciati a polvere, scorrevoli lateralmente.

BRACCIOLI

Braccioli in poliuretano densità 25 HR rivestiti in resinato accoppiato, con innesti in multistrato e sostegni in metallo verniciati a polvere, collocabili su tutti i lati del divano e scorrevoli

GUANCIALI

DI SERIE (70LX50H): Guanciaie 50% in piuma naturale depolverizzata, lavata e sterilizzata - 50% cin fill ball (fibra poliestere siliconata cava a pallino), rivestito da una tela 100% cotone

A RICHIESTA (GUANCIAIE RELAX 70LX60H): Guanciaie 50% in piuma naturale depolverizzata, lavata e sterilizzata - 50% cin fill ball (fibra poliestere siliconata cava a pallino), con inserto in poliuretano HR 25, rivestito da una tela 100% cotone.

FRAME

Metal frame, powder coated, with welded metal mesh.

SEAT

Seat cushions in different density polyurethane, with density 30 HR, 35 ecoelast, 40 HR entirely covered with a layer of bonded resin.

BACKREST CUSHION

Back cushions in 25 HR polyurethane covered in bonded resin, with powder-coated metal supports, sliding laterally.

ARMRESTS

Armrests in 25 HR density polyurethane covered in bonded resin, with plywood inserts and powder-coated metal supports, placeable on all sides of the sofa and sliding.

PILLOWS

STANDARD (70LX50H): Pillow 50% in de-dusted, washed and sterilized natural feathers - 50% cin fill ball (hollow siliconised polyester fibre), covered with 100% cotton cloth.

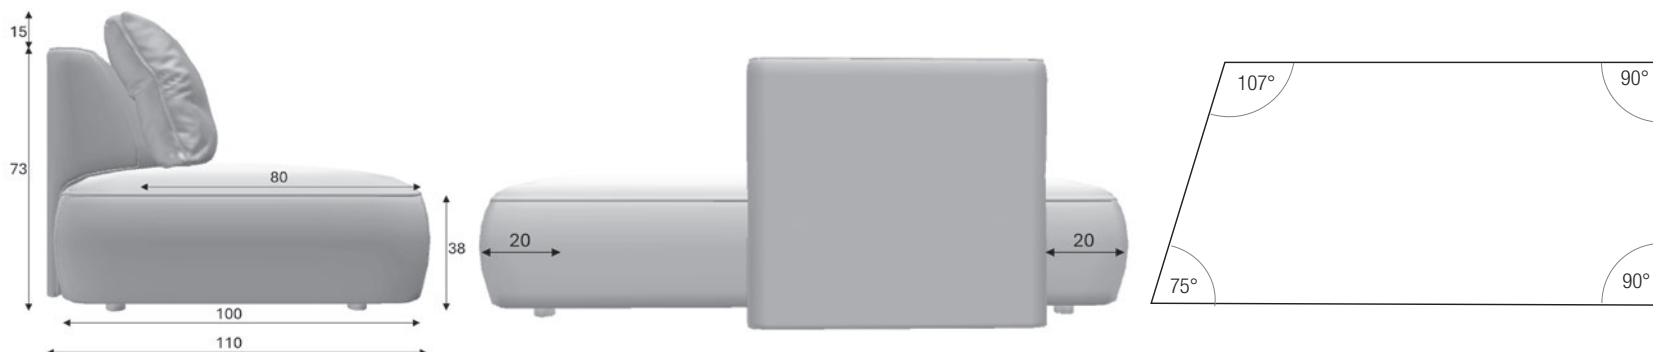

ON REQUEST

(RELAX PILLOW 70WX60H): Pillow in 50% de-dusted, washed and sterilized natural feathers - 50% cin fill ball (hollow silicone-coated polyester fibre), with insert in HR 25 polyurethane, covered with 100% cloth cotton.

MOVE OUTDOOR

STRUTTURA

Struttura in metallo zincato per esterno con rete elettrosaldata.

SEDUTA

Cuscini di seduta in poliuretano reticolato drenante per esterno (densità equivalente 35 kg/m³) rivestiti da una tela a maglia drenante.

SCHIENALE

Cuscini schienale in poliuretano reticolato drenante per esterno (densità equivalente 35 kg/m³) rivestiti da una tela a maglia drenante, con sostegni in metallo zincati, scorrevoli lateralmente.

BRACCIOLI

Braccioli in poliuretano reticolato drenante per esterno (densità equivalente 35 kg/m³) rivestiti da una tela a maglia drenante, con sostegni in metallo zincati, collocabili su tutti i lati del divano e scorrevoli lateralmente.

GUANCIALI

DI SERIE (70LX50H): Guanciale 50% in piuma naturale depolverizzata, lavata e sterilizzata - 50% cin fill ball (fibra poliestere siliconata cava a pallino), rivestito in tela idrorepellente (spray test ISO 5 - no aderenza no bagnatura della superficie).

A RICHIESTA

GUANCIALE RELAX (70LX60H): Guanciale 50% in piuma naturale depolverizzata, lavata e sterilizzata - 50% cin fill ball (fibra poliestere siliconata cava a pallino), con inserto in reticolato drenante per esterno, rivestito in tela idrorepellente (spray test ISO 5 - no aderenza no bagnatura della superficie).

FRAME

Metal frame with welded mesh, galvanized for outdoor use.

SEAT

Seat cushions with waterproof polyurethane foam for outdoor use (equivalent density 35 kg/m³) covered with a knitted shape waterproof layer.

BACKREST CUSHION

Back cushions with waterproof polyurethane foam for outdoor use (equivalent density 35 kg/m³) covered with a knitted shape waterproof layer, with galvanized metal supports, sliding laterally.

ARMRESTS

Armrest with waterproof polyurethane foam for outdoor use (equivalent density 35 kg/m³) covered with a knitted shape waterproof layer, with galvanized metal supports, placeable on all sides of the sofa and sliding laterally.

PILLOWS

STANDARD (70LX50H): Pillow 50% in de-dusted, washed and sterilized natural feathers - 50% cin fill ball (hollow siliconised polyester fibre), covered with waterproof fabric (spray test ISO 5 - no adhesion, no wet surface).

ON REQUEST

RELAX PILLOW (70WX60H): Pillow in 50% de-dusted, washed and sterilized natural feathers - 50% cin fill ball (hollow siliconised polyester fibre), with insert in waterproof polyurethane foam for outdoor use, covered with waterproof fabric (spray test ISO 5 - no adhesion, no wet surface).
