

VERTIGO

Arcade Table

Product code MC.GT.ARC

Designer Pino Vismara **Year** 2020

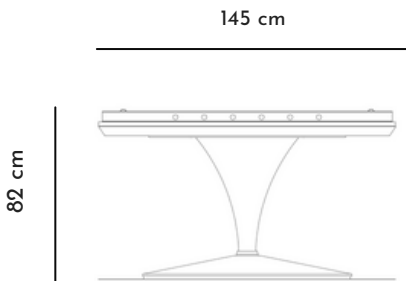

VERTIGO

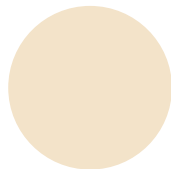

Arcade Table

Description

Vismara revisits a game with a vintage flavor dear to the 80s in a modern key. The main feature of Vertigo is the unusual arrangement of the screens, placed horizontally on the table top, different from the typical Arcade Cabinet. The design of Vertigo Arcade Table is modern, with soft and essential lines, perfect for decorating contemporary interiors. The 42-inch LCD screen is embedded under a tempered lacquered glass, and is divided into two parts, one for each player. Vertigo Arcade Table comes with buttons and joysticks, available chrome and gold finishing. Vertigo Arcade Table has holes on the sides to ensure proper ventilation to the screen. The structure is laquered, and the cone base is covered with leather.
