

YANG BED

DESIGN RODOLFO DORDONI

Struttura: giroletto monoscocca autoportante in legno multistrato di forte spessore. Il giroletto è progettato per accogliere al suo interno molle insacchettate ricoperte in superficie da uno strato di poliuretano espanso ad alta resilienza (esente da CFC).

Un pannello di multistrato forato, posto alla base delle molle, agevola l'aerazione. Testata in multistrato, imbottita con poliuretano espanso a quote differenziate ad alta densità. Tutte le parti imbottite sono rivestite con fibra termolegata ed accoppiata con tela di cotone bianca che conferisce morbidezza e soffici ta alle imbottiture isolandole dal tessuto, garantendo naturalezza ed igiene al prodotto. Ulteriore rivestimento in tessuto tecnico traforato nella parte superiore del giroletto, che permette una maggiore traspirazione della struttura a molle.

La testata   dotata di una coppia di poggiatesta, che possono essere rivestiti in un tessuto o in una pelle di categoria differente rispetto al rivestimento scelto per il giroletto e la testata.

Non   possibile ordinare il letto senza la coppia di poggiatesta.

Sfoderabilit : rivestimento completamente sfoderabile sia in tessuto che in pelle. Per facilitare la rimozione delle fodere,   possibile sfilare la testata dal giroletto tramite un sistema di innesto e sgancio rapido.

Basi: portanti in estruso di alluminio verniciato lucido anti-touch colore Peltro. Scivolanti protettivi in nylon.

N.B.: data la struttura del letto, non   possibile inserire la rete e regolare l'altezza del materasso.

Frame: one-piece, free-standing bed frame in very thick plywood. The bed frame is designed to accommodate pocket springs covered with a layer of high-resilience, (CFC-free) polyurethane foam.

A perforated plywood panel, placed under the springs, facilitates the circulation of air. Headboard in plywood, padded with high-resilience, variable-density polyurethane foam. All of the padded parts are covered in heat-bonded fiber laminated to white cotton fabric that lends a soft fluffiness to the padding while separating it from the fabric, ensuring the product is both natural and hygienic. The upper part of the bed frame is covered with an additional perforated fabric covering that allows greater circulation of air around the sprung structure.

The headboard is equipped with two headrests, which can be upholstered in a different kind of fabric or leather than the ones chosen to cover the bed frame and the headboard. It is not possible to order the bed without the headrests.

Covers: both fabric and leather covers are completely removable. To facilitate removal of the coverings, the headboard can be lifted out of the bed frame by means of a quick set and release coupling system.

Bases: weight-bearing parts in extruded aluminium with polished, anti-fingerprint, Pewter colour varnish. Nylon protective slides.

N.B.: given the structure of the bed, it is not possible to insert a regular slatted base, or adjust the height of the mattress.

Struktur: Selbsttragender Bettrahmen in Schalenbauweise aus Schichtholz von erheblicher St rke. Der Bettrahmen enth lt einen Taschenfederkern, der mit einer Lage aus hochelastischem Polyurethanschaum bedeckt ist (FCKW-frei). Eine gelochte Schichtholzplatte als Unterlage der Taschenfedern sorgt f r die richtige Bel ftung.

Kopfteil aus Schichtholz ist mit hochdichtem, verschieden dick gesch umtem Polyurethan gepolstert. Alle Polsterteile sind mit thermofixierter Faser bezogen, kombiniert mit wei em Baumwolltuch, was der Polsterung eine weiche, elastische Note verleiht, sie aber vom Bezugsstoff trennt und damit Nat rlichkeit und Hygiene des Produktes garantiert.

Ein weiterer Bezug aus technischem Netzstoff bedeckt den oberen Teil des Bettrahmens, um eine bessere Bel ftung der Federkernstruktur zu garantieren.

Das Kopfteil hat zwei Kopfst tze, deren Bezug auch mit einem anderen Stoff oder Leder bezogen werden kann, als das Kopfteil und der Bettrahmen.

Das Bett kann nicht ohne die Kopfst tze bestellt werden.

Abziehbarkeit: Stoff- oder Lederbezug vollkommen abziehbar. Um das Abziehen der Bez ge zu erleichtern, kann das Kopfteil  ber ein praktisches, schnelles Stecksystem vom Untergestell abgenommen werden.

Untergestell: Tragende Teile aus Aluminiumpressguss, zinnfarbig lackiert mit gl nzendem Anti-Touch-Finish. Gleitschutz aus Nylon.

N.B.: Die Struktur des Bettes erlaubt es nicht, einen Lattenrost einzuf gen und die Matratzenh he zu regulieren.

Structure : tour de lit monocoque autoportante en bois contreplaqu  de forte  paisseur. Le tour de lit est con u pour accueillir des ressorts ensach s dont la surface est recouverte d'une couche de polyur thane expans  haute r silience (sans CFC).

Un panneau de multiplis perfor , favorisant l'a ration, est situ    la base des ressorts.

T te de lit en multiplis, rembourrage en polyur thane expans    densit  diff renci e et haute densit . Toutes les parties rembourr es sont recouvertes de fibre thermoli e doubl e de toile de coton blanc donnant davantage de souplesse et de moelleux aux rembourrages en les isolant du tissu, afin de garantir un produit naturel et hygi nique. Sous-housse en tissu technique perfor  dans la partie sup rieure du tour de lit, permettant   la structure   ressorts de mieux respirer.

La t te de lit est  quipp e avec deux appui-t tes, qui peuvent  tre recouvertes dans des tissus ou des cuirs d'une cat gorie diff rente de celle du rev tement choisi pour le tour de lit et la t te.

Il n'est pas possible de commander le lit sans les appui-t tes.

D houssage : rev tement enti rement d houssable en tissu ou cuir. Pour faciliter le d houssage, on peut d solidariser la t te du tour de lit gr ce   un m canisme d'enclenchement et d clenchement rapide.

Bases : portantes en aluminium extrud , laqu  brillante anti-trace couleur  tain. Patins de protection en nylon.

N.B. :  tant donn  la structure du lit, il n'est pas possible d'introduire de sommier   lattes ni de r gler la hauteur du matelas.

SOMMIER CON TECNOLOGIA BOXSPRING THE BOXSPRING TECHNOLOGY SOMMIER

La base del letto è costituita da un sommier H 17 cm caratterizzato dalla presenza di molle insacchettate che, insieme al materasso "Comfort H20/25", favorisce un'elevata qualità del riposo notturno. Appoggio a terra tramite lame in metallo verniciato color Pettro.

The base of the bed includes the H 17 cm base with pocket springs that, along with the "Comfort H20/25" mattress, fosters an extremely restful night's sleep. The bed rests on Pewter colour metal blades.

Das Bettgestell besteht aus einem Polsterbett H 17 cm mit Taschenfedern, das gemeinsam mit der Matratze "Comfort H20/25" eine optimale Qualität des Nachtschlafs garantiert. Die Bodenaufgabe besteht aus zinnfarbigen lackierten Metallleisten.

La base du lit est constituée d'un sommier H 17 cm caractérisé par la présence de ressorts ensachés qui, alliés au matelas "Comfort H20/25", favorisent un sommeil de bonne qualité. Il repose sur des lames en métal laqué couleur étain.

TESTATE WIDE E OFFSET WIDE AND OFFSET HEADBOARDS

La testata, dotata di un'imbottitura morbida e generosa, riprende il motivo caratterizzante degli elementi OFFSET e si estende a sbalzo sui due lati a formare un volume unico, destinato ad accogliere anche i comodini e i tavolini della collezione Minotti.

The headboard features generous, soft padding and reflects the distinguishing motif of the OFFSET elements, and projects out on both sides to form a single, unified profile designed to also accommodate the Minotti bedside tables.

Das Kopfteil mit seiner weichen, großzügigen Polsterung nimmt das charakteristische Motiv der Elemente OFFSET wieder auf. Es steht auf beiden Seiten über den Rand hinaus und bildet ein durchgehendes Element in dem auch die Nachttische der Minotti Kollektion Platz finden.

La tête de lit, au rembourrage souple et généreux, reprend le motif caractérisant les éléments OFFSET et s'étend en saillie sur les deux côtés en un volume unique, destiné à accueillir les tables de nuit Minotti.

MATERASSO "COMFORT" H20/25 MATTRESS "COMFORT" H20/25

Materasso ortopedico H 20/25 cm, con sette zone di portanza differenziata. Il materasso è costituito da molle "Supermicro" (per materasso H25 cm) o "Micropocket" (per materasso H20 cm) insacchettate, ricoperte in superficie da uno strato di poliuretano espanso ad alta resilienza a quote differenziate (Memory Foam). La tasca di contenimento della molla in tessuto anallergico, chiusa con ultrasuoni, rende il molleggio del materasso particolarmente confortevole. Il materasso è rivestito in tessuto jacquard "Minotti", color crema, antiacaro e antibatterico. Rivestimento completamente sfoderabile mediante cerniera. Non lavare in acqua, si consiglia il lavaggio a secco tramite tintoria specializzata.

Orthopedic mattress, H20/25 cm with seven different weight-bearing zones. The mattress is comprised of "Supermicro" (for H25 cm mattress) or "Micropocket" (for H20 cm mattress) pocket springs, covered by a surface layer of high resilience variable-density polyurethane (Memory Foam). Pockets containing the springs are made from hypoallergenic fabric, sealed by ultrasound, providing especially comfortable suspension. The mattress is covered in cream colour "Minotti" jacquard fabric that is mite-proof and antibacterial. Mattress cover has zipper closure and is completely removable and washable. Do not wash with water; professional dry cleaning by a specialist is recommended.

Orthopädische Matratze, Höhe 20/25 cm, mit sieben verschiedenen Belastungszonen. Die Matratze besteht aus einem "Supermicro" (für Matratze H25 cm) oder "Micropocket" (für Matratze H20 cm) Taschenfederkern, mit einem Belag aus verschiedenem hohem, hochelastischem Polyurethanschaum (Memory Foam). Die Federtaschen sind aus antiallergischem Stoff, geschlossen im Ultraschall-Schweißverfahren, was die Matratze besonders bequem macht. Die Matratze ist mit dem cremefarbenen Jacquard-Stoff "Minotti" bezogen, gegen Milben und antibakterielle behandelt. Der Bezug mit Reißverschluss ist voll abziehbar und waschbar. Nicht mit Wasser waschen, es wird eine chemische Reinigung durch ein spezialisiertes Reinigungsunternehmen empfohlen.

Matelas orthopédique H 20/25 cm, à sept zones de portance différenciée. Le matelas est constitué de ressorts ensachés "Supermicro" (pour matelas H25 cm) ou "Micropocket" (pour matelas H20 cm) recouverts d'une couche de polyuréthane expansé à haute résilience et à hauteurs différentes à mémoire de forme (Memory Foam). Le sachet contenant le ressort, en tissu anallergique et soudé aux ultrasons, rend la suspension du matelas particulièrement confortable. Le matelas est recouvert d'un tissu jacquard "Minotti", couleur crème, traité anti-acariens et anti-bactérien. Revêtement muni de fermeture à glissière, entièrement déhoussable et lavable. Ne pas laver à l'eau, il est recommandé de faire nettoyer à sec par un spécialiste.

TESSUTO TRIDIMENSIONALE TRASPIRANTE 3-D MESH BREATHABLE FABRIC

Tessuto tridimensionale composto da tre strati che generano un'intercapedine interna dove circola liberamente l'aria. Una fascia traspirante continua sul bordo del materasso e permette di mantenerlo fresco e asciutto, grazie al flusso continuo d'aria che ne favorisce il ricircolo.

Three-dimensional material, consisting of three layers which create an internal three-dimensional gap where air can circulate freely. A transpiring hem runs along the edge of the mattress enabling it to stay fresher and drier, since the continuous airflow helps it recycle.

MATERASSINO "COMFORT" H5 TOPPER "COMFORT" H5

Materassino imbottito in Dacron 900g/mq, fibra anallergica elastica con basso coefficiente di trasmissione di calore, H cm 5, con elastici agli angoli. Posizionato tra il materasso e il lenzuolo, il topper dona una particolare sensazione di morbidezza e confort.

E' rivestito in tessuto jacquard "Minotti", color crema, antiacaro e antibatterico.

Rivestimento completamente sfoderabile mediante cerniera. Non lavare in acqua, si consiglia il lavaggio a secco tramite tintoria specializzata.

Padded mattress topper in Dacron 900g/sq m, H cm 5 made of elastic, non-allergic fibres with low heat transmission, with elastic straps on the corners. Placed between the mattress and the sheet, the topper lends added sensation of softness and comfort. Covered in cream color "Minotti" jacquard fabric that is mite-proof and antibacterial. Topper cover has zipper closure and is completely removable. Do not wash with water; professional dry cleaning by a specialist is recommended.

Matratzenauflage mit Dacron-Füllung 900g/m, aus elastischen anti-allergischen Fasern mit geringe Warmübertragung, Höhe 5 cm, mit Spanngummis. Die Auflage, zwischen Matratze und Laken, vermittelt ein besonderes Gefühl von Weichheit und Komfort. Mit dem cremefarbenen Jacquard-Stoff "Minotti" bezogen, antibakterielle und gegen Milben behandelt. Bezug mit Reißverschluss vollkommen abziehbar. Nicht mit Wasser waschen, es wird eine chemische Reinigung durch ein spezialisiertes Reinigungsunternehmen empfohlen.

Petit matelas rembourré en Dacron 900g/m², en fibres élastique anallergique, avec faible transmission de la chaleur, H cm 5, avec d'élastiques aux angles. Cette couche de confort, située entre le matelas et le drap, donne une sensation particulière de souplesse et de confort. Elle est recouverte de tissu jacquard "Minotti", couleur crème, traité anti-acariens et antibactérien. Revêtement entièrement déhoussable par fermeture à glissière. Ne pas laver à l'eau, il est recommandé de faire nettoyer à sec par un spécialiste.
